7	<p>Post Storms – Visit expected from Deputy First Minister awaiting date. We will be majoring our discussions linked to resilience and requirements moving forward.</p> <p>Majority of interruption to power supplies have been made. Anyone who has not received payments should contact SSEN direct with details of dates and times off supply as the measurement is linked to every 12 hours off supply after initial 2 day period. Problems have been encountered with wrong network of address information to supply lines (especially near to end of line locations). In Monymusk area power supplies were off then on for short period then off again and unfortunately these are deemed as separate outages and do not necessarily qualify for the payment. On a positive note as a Community support element SSEN have promised to supply a cherry picker to assist installing the Monymusk Christmas lights.</p>	<p>Info</p> <p>info</p>
